## **Table of Contents for Supplemental Material**

### **Associations between Long-Term Air Pollutant Exposures and Blood Pressure in Elderly Residents of Taipei City: A Cross-Sectional Study**

Szu-Ying Chen, Chang-Fu Wu, Jui-Huan Lee, Barbara Hoffmann, Annette Peters, Bert  
Brunekreef, Da-Chen Chu, and Chang-Chuan Chan

**Table S1.** Summary of the statistics for land use variables of the exposure modelling for six air pollutants.

**Table S2.** Spearman correlation coefficients for air pollutants and the total lengths of major roads in 25, 50, 100, and 500 buffer zones.

**Table S3.** Associations of systolic and diastolic blood pressures with an interquartile range increment of particulate matter and nitrogen oxides.

**Table S4.** Subgroup analyses for associations of systolic and diastolic blood pressures with increments of annual averages of particulate matter and nitrogen oxides stratified by physician-diagnosed hypertension.
